

2014 Highlights

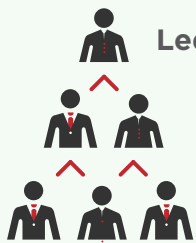

Thanks to your support, the AHIMA Foundation provides ongoing research, scholarships, and educational support to its members, the HIM profession, and our current and future leaders. When you contribute to the Foundation, you advance the profession, the AHIMA community, and the prospects of the HIM profession!

Because of you the Foundation's financial health remained strong in 2014!

- \$200,000 in contributions.
- The Foundation has **DOUBLED** its assets in the last four years!

YOUR CONTRIBUTIONS POWERED THE FOLLOWING INITIATIVES. WITH YOUR HELP, WE:

Led the way in key government and industry advisory committees, providing an accurate portrayal of the HIM profession's occupational environment

Provided recommendations to US Bureau of Labor Statistics on Standard Occupational Classification (SOC) principles

Federal staff appointments:

- ONC's HITPC Implementation, Usability, and Safety Workgroup
- Department of Labor Apprenticeship Advisory Council

Raised global awareness of the profession through a Department of Commerce grant and, the Global Healthcare Workforce Council

Expanded HIM recognition through 13 active research projects

Published Clinical Documentation Improvement Job Summative Report

Created a collaborative research network

Established resources to grow the community through the Foundation's research agenda and dissertation support.

- Fund Research Endowment
- Joel Nagorner Endowed Research Scholarship

Provided market-ready education focused on competency-based education:

- Council for Excellence in Education (CEE)
- Reality 2016

Introduced five optional specialty tracks

CCS/CCS-P
CDIP
CHDA
CHPS
CTR

Gave back to the profession through donations and support:

- 56 awards and scholarship support
- Second annual Veterans Endowed Scholarship
- #1 and #2 top 25 Great Scholarships for HIM Majors
- Raised \$90K for the Kathleen Frawley Endowed Memorial Scholarship
- Established new scholarship for individuals entering HIM as a second career

Spotlighted the need for skilled professionals and pathways to contribute:

- Four apprenticeships
- ACT Foundation/National Network on Business and Industry Associations, Hiring on Competency Work Team, Chair
- Three-part CNBC series "Where the Jobs Are" highlighting the need for coders
