

# With the skill set of **PROFESSIONAL FEE CODER**

## POSITION OVERVIEW

Use coding conventions and guidelines to abstract, analyze and accurately assign ICD (Internal Classification of Diseases) diagnosis codes and CPT (Current Procedural Terminology) principal and secondary procedural codes to ambulatory, clinic, provider and outpatient services.

## QUALIFICATIONS

Minimum requirements include a current credential such as CCA (Certified Coding Associate); CPC (Certified Professional Coder); or other designated credential from a nationally recognized organization.

## COMPETENCIES

- Apply outpatient diagnosis and procedure codes according to current nomenclature and adherence to current regulations and guidelines.
- Ensure accuracy of APC assignment
- Validate coding accuracy using clinical information found in the health record
- Resolve discrepancies between coded data and supporting documentation
- Use established guidelines to comply with reimbursement and reporting requirements such as the National Correct Coding Initiative (NCCI) and Uniform Hospital Discharge Data Set (UHDDS)
